To Whom It May Concern,

During the past few years, my company, 270 Tower LLC, has benefitted greatly from a relationship with Mr. Chaim Orzel of Orzel Energy. I am responsible for a 228,000 SF commercial office tower in New Jersey.

Mr. Orzel is diligent, straightforward and honest. He sincerely works in our best interest. Even though he is trying to sell us a service, he is patient and does not apply pressure. He has a keen understanding of the energy supply industry.

I am most impressed with his consistent follow-up in a kind and understanding manner that makes me feel he has my best interest at heart. This past year alone, Chaim's program has saved us more than $40,000.00. He has provided us with excellent advice.

If you want an energy broker who truly cares about your energy needs, Mr. Orzel is will work hard you!

Respectfully,

Joseph Alesso, Asset Manager

To Whom it may concern,

Chaim Orzel has been our energy broker for two and a half years. His honesty and integrity are second to none. I never have to worry that he hid something. He always gave us the best product. He always makes us feel informed about our energy decisions (he also found all the mistakes of our previous broker).

He is not just looking to make a quick buck. I sent him my bills, and he told me to wait until market conditions improved. So, we did just that, and now we have fantastic rates. Currently, we are saving fifty thousand dollars on our supply costs. We couldn't be happier.

Chaim is super reachable. He doesn't just sell you and leave you. When you are Chaim's client, he takes care of you. You don't have to worry. He calls you back right away.
